Our Seeds Tomorrow Presents...

Our Seeds Tomorrow Golf Tournament and 2nd Annual Gala

Presented by Our Seeds Tomorrow TV

As the Founder/ Executive Director for *Our Seeds Tomorrow (OST)*, I am proud to announce our premier golf tournament to be held at Browns Mill Golf Course on April 2nd, and 2nd annual gala to be held at the Center for Civic and Human Rights Museum on April 9th, 2016. These events will support OST's efforts to create and implement our programs that focus on youth wellness and healthy lifestyle.

We believe that for far too long, our children have been conditioned to making very poor health and dietary choices, hence, our innovative programs seek to shift the paradigm in such way that young people will slowly, but surely embrace and appreciate the importance of physical fitness and good nutritional habits; elements that are vital to our national security and overall healthcare expenditure trajectory as a state and nation. We believe that it would be a moral crime were we to sit very complacent in the midst a serious national health crisis and offer no alternatives.

Our Seeds Tomorrow has engaged the help of major sponsors to make these events successful. Among the premier sponsors of these event are the Atlanta Braves, Wal-Mart Foundation, DeKalb County Public Library, Mango's Restaurant, the City of Decatur Parks and Recreation Center, Brown's Mill Golf Course, and Four Seasons Hotel. These will be fun-filled and inspirational events.
